WHY HAVEN'T YOU JOINED YET?

103 Regiment Royal Artillery are an Army Reserve Regiment based here in the North West of England. With Barracks and soldiers in St Helens, Liverpool, Bolton, Manchester, Wolverhampton, we have a strong presence in some of the most important cities in this country. My soldiers come from your communities and have represented this country superbly on operations in Iraq and Afghanistan in recent years.

One area where we want to do more is working closely with our communities and building strong links between the Armed Forces and the people here in the North West, and especially so with our Youth. My soldiers are first and foremost members of your communities, but they also proudly serve their country and are superb role models for all ages. They are able to stand shoulder to shoulder with regular soldiers and more than hold their own.

We have an excellent track record of delivering fun, challenging, interesting and rewarding events to Colleges, Charities, Youth Organisations and Religious Groups here in the North West. My soldiers are keen to reinvest back into the communities that they come from some of the skills and lessons they have learned in the Army.
